

2010 Mission Trip Fact Sheet

- What:** The annual summer mission trip will be a joint project between our youth ministry and our Baptist Men. We will be traveling to the Red Springs Mission Camp in Robeson County, to work on home repair projects in that impoverished region of our state.
- The Red Springs Mission Camp is a permanent presence in Robeson County. The facility provides lodging and meals for mission teams traveling to participate in mission projects in the area. The mission camp directors determine which projects are available, and assign them to groups based on the skills and time a group can invest. We won't know the specific projects we'll be working on until a couple of weeks prior to the trip.
- More information about the Red Springs Mission Camp can be found on the NC Baptist Men's website:
